

WHAT SIZE AREA RUG DO YOU NEED?

Living Room

For larger rooms, it is best to size the rug so that all furniture is entirely on the rug. For smaller rooms, use a rug size that allows all furniture to be off the rug or only the front legs on the rug.

5 ft x 8 ft – 6 ft x 9 ft

8 ft x 10 ft – 9 ft x 12 ft

9 ft x 12 ft – 12 ft x 14 ft

10 ft x 14 ft – 12 ft x 15 ft

Dining Room

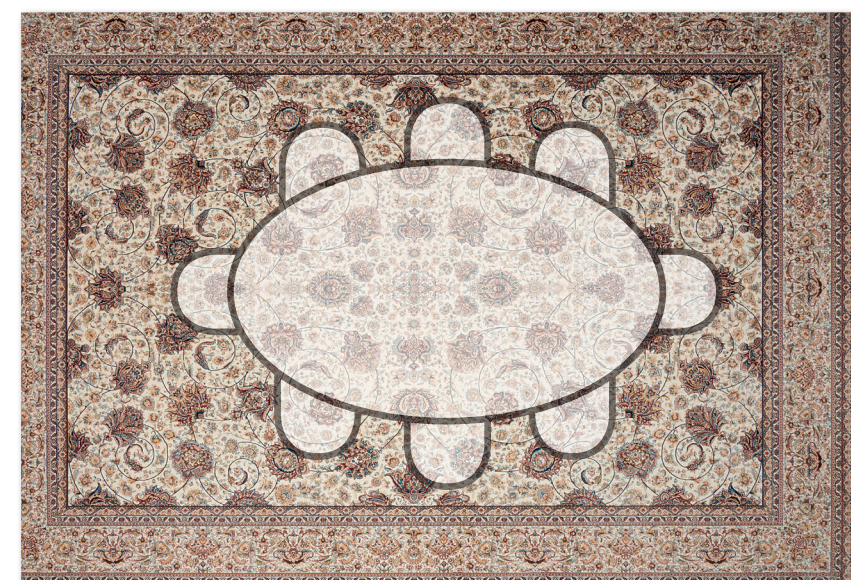

Leave 18-24 inches of rug on all sides, for chairs to get pushed back. Rug should be sized to fit the room, not the table.

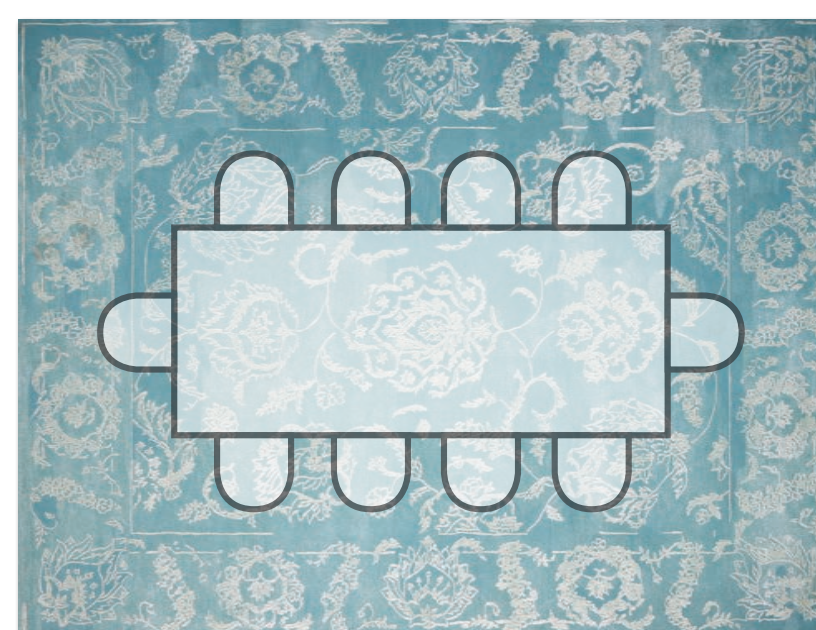

8 ft x 10 ft

8 ft x 11 ft – 9 ft x 12 ft

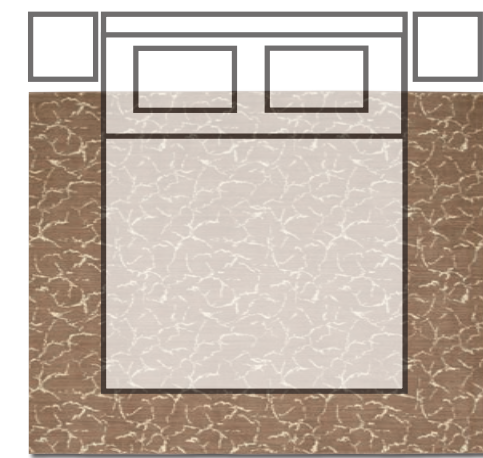

9 ft x 12 ft – 10 ft x 14 ft

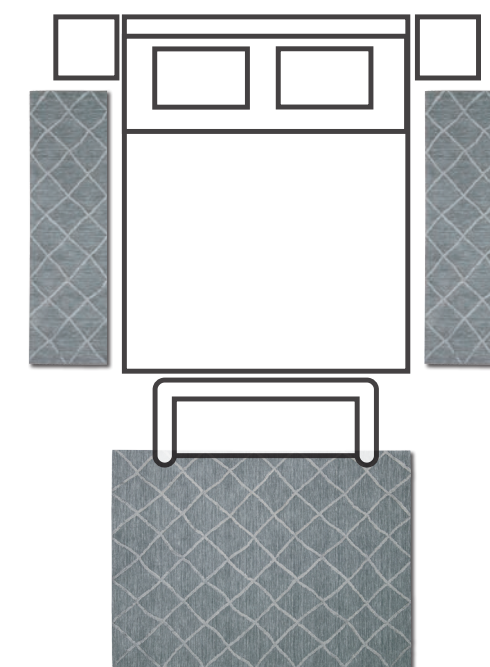

10 ft x 14 ft – 12 ft x 15 ft

Bedroom

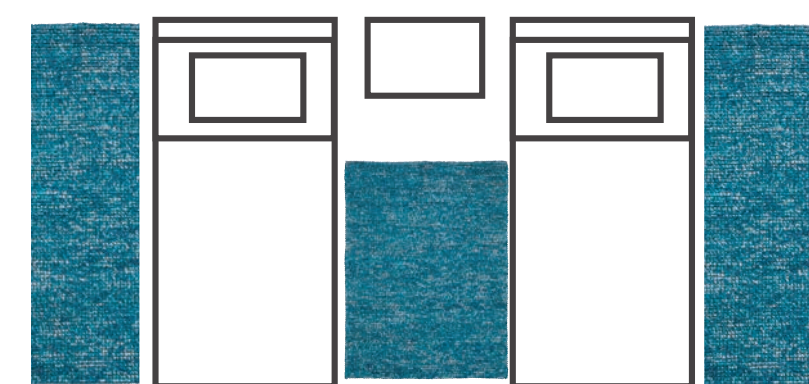

Make sure there are at least 18 inches of rug on either side of any beds, to step onto. Beds represented in queen and twin size.
